

Territorial and County

THE TUCKER CHARGES WILL BE SUSTAINED

Reliable Information from Washington Names G. J. Stoneman as New Judge

The Phoenix Gazette is in possession of information from Washington relating to the charges against Judge Eugene A. Tucker, associate justice of the supreme court of Arizona and district judge of the fifth judicial district. The information is semi-official and indicates that the charges against Judge Tucker have been fully investigated by the President and that he deems them sufficiently strong to remove Judge Tucker from the bench. Two candidates are mentioned as possible successors to Judge Tucker. These are George J. Stoneman, a prominent young attorney of Globe, and Frederick S. Nave, United States district attorney. The latter, it has all along been understood, was the probable successor of Judge Tucker in the event the charges against him were sustained, but the Gazette can state on strong authority, of a semi-official nature, that Mr. Nave's chances are very slim as compared with those of Mr. Stoneman.

The latter has the endorsement of very influential men, very close to the President, and that he will be the new fifth judge there is little doubt. Mr. Stoneman is 37 years of age, is in the prime of life, and the full vigor of his manhood. He is a graduate of Stanford university and is the son of a former governor of the state of California. He has lived in the territory eight years and is a popular young man. He was admitted to the practice of law in 1895.

Charges against Judge Tucker were filed during the summer while he was enjoying his vacation in his former home in Nebraska. The charges consisted of the allegation that he was living in a house in Globe that had been given him by the citizens of that town in consideration of which he was to remove his headquarters there from Solomonville; that he had been guilty of such unbecoming conduct as sitting in cases with his feet on the bench.

The Clifton Herald greatly objects to having the people of that town spend a few weeks in California every summer. It wants them to stay at home and spend their money where they make it. If a man or woman had to stay in Clifton till they spent all the money they made there it would mean a life imprisonment. The only object in going to work at Clifton is to raise money enough to get away and have a good time—Liberal.

H. S. Van Gorder Advanced. At the election held last Saturday night in the army of the Second Cavalry Troop, Sergeant H. S. Van Gorder was unanimously elected to the office of second lieutenant of the troop. His election meets with the approval of the entire troop and in his advancement the troop has bestowed merit where it is due. Sergeant Van Gorder was one of the first to enlist in the guard, and throughout its organization has been one of its heartiest supporters and hardest workers. He was educated as a young man in the Pennsylvania Military Academy at Chester, Pa., where he was graduated with the rank of captain. His familiarity with military tactics and discipline makes him an excellent officer, and no doubt his advancement will greatly benefit the troop.—Morenci Standard.

Captain Hardy Dying. Of Mohave county, is dying in Whittier, Cal., where he went a week ago for medical attendance. In a letter to Charles Metcalfe, secretary of the local lodge of Elks, he says that he will never see his friends again, the doctor advising him that his end is but a few days off. Last night the Elks made provision for his care and to bring his body back to Kingman should he die. Judge Biskely will leave to Captain W. H. Hardy, the pioneer might for Whittier to look after him and to give him every attention during his illness.—Mohave Miner, September 9th.

J. Morgan Clements of New York, a well-known mining engineer, was here for several days this week, examining property on the Globe copper belt. As the result of this visit and a previous one, it is probable that an important mining deal will be consummated, the prospective purchasers being eastern men of large means.

NEW GAME LAWS.

There appears to be much misunderstanding about the new game laws, although they have appeared in these columns a number of times. For the benefit of hunters the quail and deer laws are reprinted.

The deer season is open now, and one may shoot deer until December 1st, when the closed season begins. The law limits each hunter to four deer during one season. The open season for quail will begin on October 15th and close on March 1st. The maximum penalty for violating the game laws is a fine of \$100.

JOINT STATE UNLIKELY SAYS F. M. MURPHY

President of Phoenix & Prescott Road Says Jointure Is Doomed

Frank M. Murphy, president of the Santa Fe, Prescott & Phoenix road, has returned to Prescott from an extensive eastern trip, bringing with him positive assurance that joint statehood is doomed.

While east, Mr. Murphy learned considerable that should be cause for rejoicing on the part of Arizona people. Seen in Prescott and asked about the status of joint statehood, he replied: "Won't go for a minute, is my honest opinion," replied Mr. Murphy. "Congressman Tawney, from Minnesota, with a delegation of congressmen, will soon visit Arizona, and if there is any doubtful minds in the party upon their arrival, I hope they will be abused before they return. You know we have a strong friend in Mr. Tawney, and I hope the rest of the party are of an unqualified opinion.

"We don't want our friends to visit us on the question of joint statehood, but to those who are actually ignorant of our incomparable resources, we say to them, come: give us an unprejudiced hearing, and then vote against us if you can. I stopped over a day and night in Albuquerque, the hotbed of the 'joiners,' but would you believe it, I saw nothing to cause alarm.

"Mr. Bursum, chairman of the Republican Territorial Central Committee of New Mexico, informs me that he has carefully polled the vote, and finds that the joint statehood proposition will not carry. This statement from pretty good authority is substantiated by the opinion of Gov. Owen. The fact is, said Mr. Bursum, the joiners in this territory are principally Democrats, and their motive is patent to all who care to understand the situation.

"The Democrats of New Mexico can not be elected to office, and on joining Arizona, it is a case of all to win and nothing to lose. No, I am confident that statehood can not win. "Do you think there is any show for single statehood?" "I would not advise such a move on the part of our friends at this time of congress," replied Mr. Murphy.

"I suggested to Mr. Smith, our delegate in Congress, that I thought it would be proper for him to go before both of the statehood committees, house and senate, and enter his protest against any single statehood legislation this term. Later, I think, perhaps term after next, we can enter the fight, and if we maintain the same solid front that is being exhibited at the present, our efforts will be crowned with victory.

SADIE EASILY NOT EASILY FOUND.

Notice has been received by the local officers to be on the lookout for Sadie Easley, a woman who stabbed her companion at one of the construction camps, near Val Verde, in Yavapai county. It is believed that the Easley woman is traveling in male attire in her effort to get out of the country. Her victim is still alive, but her condition is critical. Immediately after the stabbing affray the officers arrived at the scene of the trouble, but the woman had made her escape, and has not been seen or heard of since. A reward for her capture is offered by the sheriff of Yavapai county.—Prospector.

Kibbey's Removal—It is reported that a number of Republicans say they would sign a petition for Kibbey's removal. Should Kibbey's action on this assessment matter be laid before President Roosevelt impartially there is very little question but what Kibbey will be removed.

SOFTNESS OF SEALSKIN.

Is Rivalled by Human Hair Where Dandruff is Eradicated.

Sealskin is admired the world over for its softness and glossiness; and yet the human hair is equally as soft and glossy when healthy; and the radical cause of all hair trouble is dandruff, which is caused by a pestiferous parasite that saps the vitality of the hair at its root. Newbro's Herpicide is the only preparation that is fatal to the dandruff germ. Without dandruff there is no falling hair, but a luxuriant growth of glossy, soft hair is certain. Sealing the scalp won't cure dandruff. Kill the dandruff germ. Thousands of women owe their beautiful suits of hair to Newbro's Herpicide. Sold by leading druggists. Send 10c. in stamps to The Herpicide Co., Detroit, Mich.

For sale by Bisbee Drug Co.

FRANK BAUER'S MEAT MARKET

A SHOP THAT HANDLES ONLY PHOENIX BEEF

One of the pioneer meat markets of Bisbee is Bauer's market on O. K. Street, opposite the depot. The shop makes a specialty of handling only Phoenix beef, and many is the carload of fat beef cattle which reaches here consigned to the Bauer market. Mr. Bauer is a rare judge of cattle on the hoof, and every steer must pass his critical inspection before being killed and dressed for use in the market. In consequence the meats offered are of the best quality. Try Bauer's meats.

Cold Storage BEEF

Not shipped in from a Cold Storage Plant but from our own cold storage here in Bisbee. This means more than you will recognize at first glance. Cold storage beef shipped in is not in as good condition to be marketed to the Bisbee consumers as our beef. We buy our own cattle, kill them ourselves and then put them in our cold storage, from which the meat is sold to you direct from the cold storage on short notice. Therefore our meat comes to you fresher with less chance from taint during this hot weather.
